

KENKO POWERCHIP®

PRODUCT CODE: 1450

A MAGNETIC CHIP LIKE NO OTHER

Ideal to use with a KenkoTherm® support wrap, the Kenko PowerChip® packs a mighty magnetic punch.

This chip that resembles a cookie sandwich incorporates a series of small magnets within a larger magnetic matrix. The adjacent magnetic surfaces are in opposition and acts to intensify the field strength and increase the depth of penetration. The multiple angles provide 100% magnetic coverage.

GAUSS RATING
900-1,000 gauss

MATERIALS
Magnetized ceramic, ferrite, polymer

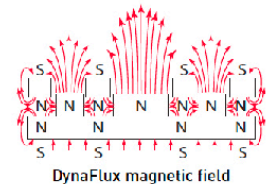

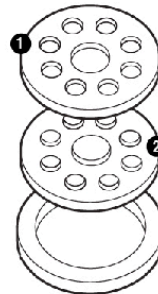

DIMENSIONS
Diameter: 4.2 cm, Thickness: 0.5 cm

- Patented DynaFlux® Magnetic Technology (U.S. Patent No. 9,265,966)
- Corrosion-resistant polymer shell
- Durable construction

Kenko PowerChip Operation

1 Polymer outer shell

2 DynaFlux internal components

CARE INSTRUCTIONS

May be cleaned with a damp, soft cloth.

WARNING

If you use an electronic medical device such as a pacemaker, or have a magnetically sensitive surgical implant, do not use or wear magnetic products. Women in the first trimester of pregnancy, or anyone who has a health problem should first consult a physician before using magnetic products. Do not place magnetic products in direct contact with magnetically sensitive items such as watches, audio/video tapes, credit cards, portable electronic equipment, etc.

WARRANTY

One-year limited warranty
