

MAGCREATOR™

PRODUCT CODE: 1330

ROLL IT OUT WITH A ROLLOUT!

The Nikken MagCreator is designed to roll fluidly down the spinal column to help you feel relaxed.

A rollout with the MagCreator results in back muscles feeling refreshed and revitalized. Its structural bearings and stainless steel shaft are engineered to produce a continuous rolling action from the shoulders to the lower back, maximizing the effect of a back massage. The surface nodules add an extra level of stimulation, like a deeper massage.

- Magnetic Technology
- Comfort-grip, non-slip handles for stability
- Ball bearings decrease rolling resistance
- Helps ease tension of the back and shoulders
