

Kenko Naturest® Cozy

Product Description

Now you can feel snug and cozy wherever you are! The Kenko Naturest Cozy Throw is a light portable blanket that provides the warm comfortable feeling you want when relaxing or sleeping. At home, we can have a snug blanket or "throw" on the sofa, in the den or even on the play mat.

The ceramic reflective fibers in the Kenko Naturest Cozy Throw provide a sense of warmth. When you spread it out, it works as a blanket and when you fold it and zip it up, it becomes a cushion or pillow! Because it's so easy to carry with its sewn-in handle, it also makes a convenient blanket to take on-the-go and make you feel at home—works on airplanes, cars, trains, etc.

Technologies

Ceramic reflective fibers allow ambient energy to reflect back and create a warming effect and help regulate body temperature
