

Product Description

Young barley grass is composed of nutrients and minerals that help to maintain health and contains the full balance of enzymes necessary for oxidizing fatty acids. Not only does it aid in the removal of waste, it helps to maintain healthy bones and tissues. That's why it is called "nature's perfect food." Jade GreenZymes® Citrus is made with the juice of organic young barley grass, harvested in its prime. Adding delicious lemon flavor makes it a refreshing drink any time of the day or night.

Benefits

- Natural alkalinity helps counteract acidic foods in the diet
